DHARMARAJ A

Front-End Developer

📞 +91 6381285507   @ dharmaraj01313@gmail.com   📍 New Perungalathur, Chennai   in **LinkedIn**   ◯ **Github**

PROFILE SUMMARY

Aspiring Front-End Developer with hands-on experience in building responsive layouts and user interfaces. Skilled in collaborating with back-end developers, utilizing version control systems, and staying up-to-date on emerging technologies.

WORK EXPERIENCE

Front-End Developer | ECappz Pvt Ltd   Nov 2024 – Present
Chennai, Tamil Nadu, India

Responsibilities & Contributions:

- Created **responsive web pages** that adapt to various screen sizes, focusing on clean, simple layouts and engaging interactive elements to enhance user experience.
- Turned static **UI/UX designs into functional web pages**, using HTML, CSS, and JavaScript to implement interactive features while maintaining a clean and organized layout.
- Optimized website performance by reducing load times and **improving page speed**.
- Developed responsive **dashboard UIs** that presented data clearly, with smooth user interactions and easy navigation, ensuring usability across various devices.
- **Utilized Git for version control**, regularly committing code and **collaborating with team members via GitHub** to ensure efficient teamwork and code management.
- **Tested websites across different browsers and devices**, fixing any issues that arose to ensure a seamless and error-free user experience.
- **Worked closely with back-end developers** to ensure seamless integration of front-end features with back-end functionality.
